

# The Drift

The Domont Studio Gallery News

Vol. 8 | May 20

Opens First Friday May 7th 5-9 P.M.

Birds Mostly works by Mary Jo DeMyer

## The Show

"Birds Mostly" opens this month at the Domont Studio Gallery. The show will feature a collection of work by Mary Jo DeMyer.

Her art represents the interrupted desires of a middle-aged woman tending to the emotional needs of inanimate objects and the care and feeding of loved ones---feathered or otherwise.

During the event 10% of all sales, made by John and Mary Jo, will be donated to The Nature Conservancy of Indiana to celebrate the opening of their new headquarters on East Ohio Street.

## Promises to Keep - Prints For Sale

"Promises to Keep" has officially been installed at The Nature Conservancy's new Indiana headquarters, the Efroymson Conservation Center at 620 E Ohio St. The official measurement of the piece is 12 ft. long by 6 ft. high. The painting has been installed to float in front of a grey limestone wall.

The Nature Conservancy has graciously offered an opportunity to tour their building. Anyone interested should contact us at the gallery. An official event will be organized soon.
